

OUR THEORY OF CHANGE

Education outcome requirements have changed dramatically over the past 50 years, yet the structure of our education system has remained much the same. North Carolina's system of education does not meet the needs of the future, where our economy demands that every student have at least a high school degree, and more than two-thirds of all jobs will require additional post-secondary credentials.

To advance the three conditions that each North Carolina student needs to be successful, BEST NC will advocate for policies that:

THE PILLARS OF SUCCESS

These same business principles apply to the transformation of education. To advance the three key conditions that each North Carolina student needs to be successful, BEST NC will advocate for policies that:
